TRADE. people from the country were in town, and our " heavy streets" were compar atively dult. The genial sunshine, how ever, brought out the ladies, and our retall houses seemed to do a good business Spring stocks are coming in daily, and the show windows of Main and other streets present varied attractions in the way of dress goods, some of which are new in texture as well as name to us Probably the following, from the Chica-go Tribune of a late date, will throw some light upon the wheat and flour supply of the country. A correspondent writing to that paper upon the subject, says: "Presuming you are aware of the existence of bulls and bears in our wheat market, and being an animal of the latter species since wheat was \$1 50 per bushel, I give you an item which does not burt my theory, to say the least. The St. Louis Democrat says: '650,530 bushels of wheat and 171,412 barrels of flour have arrived here since the first of inst January. During same time ins year \$4,506 bushels of wheat and 69,449 barrels of flour arrived. Let us coun the flour as wheat and we have the fol lowing showing : Received, since January 1, 1869, -1,107 530 bushels; In 1868, 247,245 bushels; difference in favor of !: this year, 675,839 bushels. The above is 'a straw,' but when we compare the re JOS. J. POWERS celpts of breadsums in Milwaukee and here with those in same time last year, the straws make a whole sheaf. Let us instance the receipts of to-day, and in Bridge Builder round numbers call a barrel of flour five bushels of wheat, what are our receipts for the 11th of March? Simply 88 000 bushels of wheat. Well, let us examin the reneiple of theur from January lat to

FIRANCE AND TRADE. barrels of floor, or 229,469 over the resipts of last gear, in the same time. Of wheat, over last year, 905,490 bushels, and, turning flour into wheat, we have received 2,102,835 bushels of wheat at the port of Chicago over what we re-

DY virtue of an interioratory decree in this cause, I will sell, at public saction, to the highest bidder, in front of the auction house of Royster, Tretwant & Co., in the city of Momphis, lennessee,

Imperiest manner from a rich and laxuriant plant that grew spontaneously and abundantly in that warm treoleat exudity. A few years ago an eminent french chemist, white on a professional visit to the troples, made numerous experiments with this remarkable production of nature, and succeeded in extracting a concentrated escence of the plant. The formula for its preparation, and the Sole Right for the sale in this country are the exclusive property of this emplay, by whom it was pursoused from the original discoverse. We claim for this remarkable, yet simple and perfectly harmless preparation— On Wednesday, March 24, 1869, Within legal hours, the undivided one-half interest of J. W. Rayster, dec d, in and to the following described real estate, to wit, lying, being and situated in the cumity of Sharby and State of Tennessee, and bounded as folbet. That by its use a net gain of from 70 to 20 per cent. Is made in the manufacture of Buttor.

Th. That Butter, which from 30 or windewer and the manufacture of comes grained, arealized or comes grained, arealized or comes grained, arealized or comes grained, arealized or comes grained, the and of this Extract is restricted to the original ireshies and aweau establing grain and even color.

Al. By the use of this Extract, one pound of dui-look, heeb Butter is actually made from one pint of milk.

4th. That a pure and excellent table Butter can be made, at a cest of from 15 to 20 cents cerponul. The chief expent ewhereh being fatter, which is the essent of boxes.

Sth. That Butter manufactured by the add of this Extract is equal in every respect to this butter. Which is the essent of boxes of this Extract is equal in every respect to the Extract is equal in every respect to the Extract is equal in every respect to the Extract is equal in the Mental of the first in the extract of the Extract is equal in the extract of this extract in the extract of the Extract of the Extract of the Extract is equal in the extract of the Extract is equal in the e

thence north 10, west states to a small enter low marked R and B; there in the sin diameter; thence north 24 chains to a small linekberry marked R, and B; thence cast 58 chains to the beginning, containing 200 acres.

4th. A tract situated on an idand in the Mississippl river, knewn as leisand No. 40, in fractional Range 2 tractional Section 4. Beginning at an ash marked R and B, the southwest corner of 600 acres only in the name of knyster and Bronsford, No. —; thence west 55 chains to a stake; thence south 10 inks to a hickory marked R and B; thence north 10 chains, striking a pond 11 chains side, in all 29 chains to a stake; thence west 15 links to a cotton wood marked R and B; thence sast 55 chains to a stake; thence west 8 links to a cotton wood marked R and B; thence sast 50 chains to a stail redbaid marked R and B, on the west boundary line of said 640 acre entry.

No.—; thence south 25 chains to the beginning, containing 100 acres. M. CADART'S Pure Vegetable Coloring, \$1 a pound, sufficient to give a neb goidan yellow to 200 pounds of White Buiter; 5' cents per sample package, sent to any address. No farmer should be without it, as white and streaky Butter is worth from six to ten cents a pound less in all markers than that of a rich yellow. Loan on Folices in store.
